SUMMARY

Frontend Developer with over 3.5 years of experience in web and mobile application development. Proficient in technologies such as **ReactJS**, **React Native**, **JavaScript**, and **GraphQL**, I currently work at TCS focusing on UI development and performance optimization. My passion lies in delivering high-quality, scalable solutions while enhancing user experiences through effective collaboration and modern development practices.

TECHNICAL SKILLS

- **Programming Languages & Technologies:** Python, Java (Core Java), C, JavaScript, React JS , React Native
- **Database:** MySQL, MongoDB.
- **Tools:** Git, Postman, GraphQLPlayground, Android Studio, Xcode IDE

PROFESSIONAL EXPERIENCE

System Engineer – Frontend Developer

Tata Consultancy Services (TCS) | Chennai, India

(Dec 2022 – Present)

- Developed and maintained **responsive web applications and mobile applications** using **React.js and React Native**, improving UI performance and user experience.
- Built reusable React components using **functional components, hooks, and Context API**, ensuring scalability and maintainability.
- Implemented **Redux and Redux Toolkit** for efficient state management across complex applications.
- Integrated **GraphQL APIs using Apollo Client**, optimizing data fetching and reducing network overhead.
- Collaborated with backend developers, QA teams, and product owners in **Agile/Scrum** environments.
- Performed code reviews and followed best practices to ensure **high code quality and performance optimization**.

PROJECTS

Future Generali India Insurance Company Limited

Role: Frontend Developer

Tech Stack : React.js, GraphQL, MongoDB

- Developed a **health insurance portal UI** using React.js, focusing on performance and scalability.
- Designed and structured frontend architecture to support modular and reusable components.
- Integrated GraphQL APIs for efficient data handling and improved application responsiveness.
- Participated in code reviews and collaborated with cross-functional teams to deliver features aligned with business requirements.

Teacher's Pension Scheme (TPS)

Role: Mobile Application Developer

Duration: June 2024 – Present

Tech Stack: React Native, Redux Toolkit, Express.js, MongoDB

- Developed a **cross-platform mobile application** using React Native for Android and iOS platforms.
- Implemented **Redux Toolkit** for centralized and predictable state management.
- Integrated **Ping Identity authentication** (Biometric, MPIN, and Password login) using native bridge modules.
- Configured secure authentication journeys, session handling, and token management.
- Tested and optimized application performance using **Android Studio Emulator** and **Xcode IDE** to enhance user experience.

EDUCATION

Master of Computer Applications (MCA)

Madras University | Jan 2024 – Dec 2025

Bachelor of Computer Applications (BCA)

Ayya Nadar Janaki Ammal College, Sivakasi | June 2019 – May 2022

KEY ACHIVEMENTS

Employee of the Month Recognition

- Recognized as **Employee of the Month** for two consecutive months for consistent performance
